

MISSION AND VISION

Over the years, Albizu University has expanded upon its mission to train culturally sensitive professionals from diverse backgrounds. We distinguish ourselves through an educational philosophy based on a commitment to social responsibility, characteristic of all our programs and services.

OUR VALUES

Albizu University fosters values such as "love goes beyond knowledge", excellence in academic services and programs, respect for diversity, and ethical behavior at all levels of the organization.

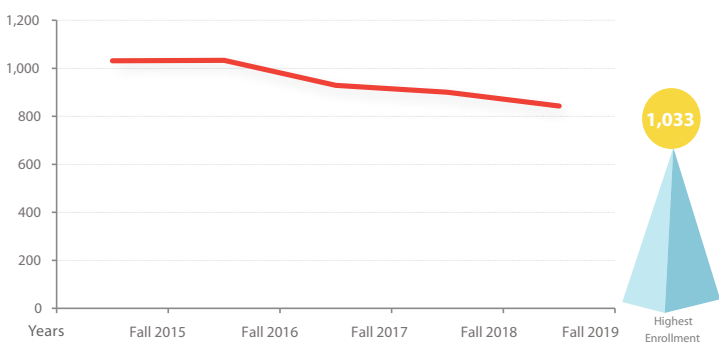

Albizu University fosters the following organizational goals:

- 1 Excellence in academic programs and services
- 2 The development of fundamental humanistic qualities in our students
- 3 Respect for multiculturalism and diversity
- 4 A commitment to social responsibility
- 5 The integration of knowledge with technological advances

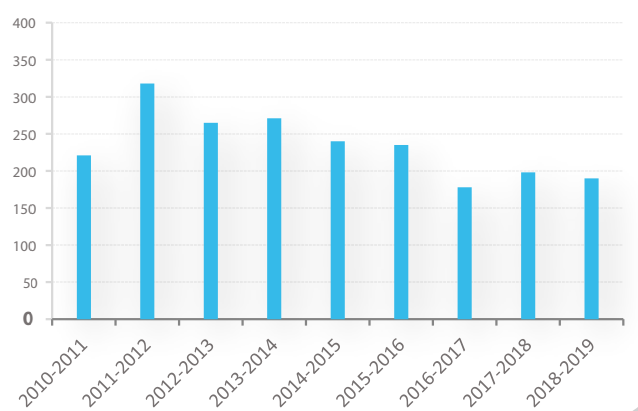

Albizu University seeks to train professionals in a manner that enables them to:

- 1 Integrate theory and practice in their chosen fields
- 2 Be sensitive to the cultural realities of different ethnic groups
- 3 Understand and put into practice ethical norms and professional standards
- 4 View personal growth and development as a lifelong process
